

INTERNET GATEWAY

Shaw Business Solutions is one of Canada's number one high-speed Internet providers, approaching 2 million high-speed customers. We own and operate one of Canada's most extensive IP networks, providing reach into cities and towns across Canada and into the United States. With nearly 1,000 peering connections in North America, Europe, and Asia, we find the fastest and most reliable way to get your Internet traffic where it needs to go.

Whether your company is a small or large enterprise, we will work with you to find the right design of access capacity and bandwidth, along with a billing plan that best suits your needs. We know that one size does not fit all. At Shaw Business Solutions, our focus is on providing you with exceptional service, extraordinary network performance, and an incomparable customer experience.

INTERNET FEATURES INCLUDE:

- › Commercial Gateway: ideal for small businesses that require carrier-grade performance
- › Network Gateway: provides customized solutions for unique enterprise business and technical requirements
- › Scalable, symmetrical Internet solutions from 1.5 Mbps, 10 Mbps, 100 Mbps, 1,000 Mbps, and beyond for all sizes of business
